

Herts Valleys Diabetes Education

HERTS VALLEYS DIABETES EDUCATION

To all GP's, Practice Nurses, Health Care Assistants and Pharmacists in Herts Valleys
Newsletter
September 2018

Dear All,

We have now completed year 1 of our Diabetes Education Programme hosted for us by Eden.

The programme has been a resounding success with positive feedback on all modules. Highlights have been case studies, practical tips and interactive sessions.

Based on the success of the programme the HVDE team is delighted to be able to continue the programme into its second year, further tailored to meet our local needs.

****This year, the following modules will be available – please save the dates.****

Flyers with log in details attached.

All modules will run from 1230-330pm

Topic	Date
Diet and Lifestyle	Tuesday 16 th October
3 treatment targets	Wednesday 5 th December
Treatment options	Tuesday 12 th February
Renal diabetes	Wednesday 30 th April
Insulin	Tuesday 4 th June
Foot problems	Wednesday 3 rd July
Processes and Protocols	Tuesday 24 th September

Further light bite education will be available during the practice visits which are being provided to all practices with a Consultant Diabetologist

SAVE THE DATES

And start to plan the diabetes educational year ahead for your practice.
