

Herts Valleys Diabetes Education

HERTS VALLEYS DIABETES EDUCATION

Three Treatment Targets

BLOOD PRESSURE

We are inviting GPs, Practice Nurses, Health Care Assistants and Pharmacists to attend this up-skilling training workshop.

The study afternoon includes the latest national guidelines and evidence base in respect of treatment options and recommendations for application into clinical work

The snapshots of topics are:

- Blood Pressure
- Lipids and Cardio-Vascular Risk Assessment
- Glycaemic Control

What does the training provide?

Blood Pressure

- Best practice in BP management
- Review current evidence, guidelines and top tips

Lipids and Cardio-Vascular Risk Assessment

- Assessing risk
- Profile

Glycaemic Control

- Latest NICE (2017) guidance
- Case Study
