

Herts Valleys Diabetes Education

HERTS VALLEYS DIABETES EDUCATION

Insulin Management

We are inviting GPs, Practice Nurses and Pharmacists to attend this up-skilling training workshop.

The topics for this one-day module are:

- Evidence base for injectable Insulin therapy
- Barriers to injectable therapy
- Practical delivery, incorporating the safe use of insulin
- Insulin intensification
- Principles of changing regimens

What does the training provide?

- Competency based sessions that will increase confidence, knowledge and skill in initiating and titrating insulin therapies in Primary Care
- Exploration of insulin profiles and regimens
- Combination therapies and treatment options
- Practical device workshops
- Case Study sessions
